Connect • Identify • Strengthen

*When schools
need more support,
we're here to help.*

School Links serves as a resource for schools when they feel they have exhausted their existing options and need help identifying what else may be available.

How School Links Helps

We create a pathway for schools to reach out, ask questions, connect with community resources, and explore whether there are additional supports or services that can help meet a student's needs.

Reach Out

Share your questions or needs.

Identify

Explore available resources and supports.

Connect

Link with community partners and services.

Support

Help meet the needs of students and families.

*Stronger
Together*

Have a Question or Need Support for a Student?:

Submit an inquiry through the School Lynx form. Share your question, concern, or resource need, and we'll help identify possible resources, connections, and next steps.
